

opti cut is a case cutter engineered to operate quickly, quietly and efficiently on a small foot print, in both “in-line” and “off-line” systems. High resolution sensors accurately measure each individual case prior to the controlled cutting mode.

Benefits:

- ☐ Widest processing range of any case cutter
- ☐ Cutting 7 to 8 cases per minute
- ☐ 4-razor head design for extended blade life
- ☐ Reduces product damage by 95%
- ☐ On the job safety
- ☐ Up to 5 times faster than manual process
- ☐ Continuous savings and proven ROI
